

SERIES 2400 CONTRACTOR LIFT

PRODUCT BROCHURE

www.sumner.com

The **Specialized Fabrication Equipment Group** (in short: **S.F.E. Group**) was founded in 2019 after the merger of three world leading OEM's in the field of pipe fabrication tooling and machinery: B&B Pipe and Industrial Tools LLC (USA), Mathey Dearman Inc. (USA) and TAG Pipe Equipment Specialists (UK). In a time span of 5 years, another 4 renowned and market leading companies were acquired and added to the **S.F.E. Group** portfolio: Axxair (France, 2022), Magnatech (USA, 2023), Climax (USA, 2023) and SUMNER (USA, 2025).

The vision and philosophy of the **S.F.E. Group** is to offer globally a comprehensive innovative and cost-effective range of specialized fabrication, welding and machining equipment and derived rental solutions, for a wide range of applications within all critical industries, while optimizing performance, efficiency and safety.

Leveraging over 200 years of combined experience in engineering, manufacturing, and field applications, the **S.F.E. Group** is committed to driving innovation. Through continuous product development and strategic acquisitions, the **S.F.E. Group** is actively growing its portfolio and expanding its global presence to meet the demands of industries around the world. Currently, the **S.F.E. Group** consists of 12 complimentary brands, each supporting the others in delivering cutting-edge solutions.

With offices and warehousing on 5 continents, 400+ employees and more than 500 partnerships and distributors worldwide, **S.F.E. Group** prides itself on consistently offering the highest standards of both product quality and service locally to all its customers.

S.F.E. Group looks forward to welcoming you into its global network as a partner, distributor or end user customer and remains at your disposal at any time.

S.F.E. GROUP GLOBAL PRESENCE

SUMNER Material Lifts is a world leading brand in the material handling and construction industries, renowned for its innovative, durable, and user-friendly solutions. Founded in 1965 and now a part of the Specialized Fabrication Equipment Group (in short S.F.E. Group), **SUMNER Material Lifts** has built a global reputation for providing high-quality lifting equipment. Designed with safety and efficiency in mind, **SUMNER Material Lifts** products are widely used by professionals in mechanical contracting, plumbing, HVAC, welding, and electrical installation.

SUMNER Material Lifts' product line includes a broad range of lifting tools such as material lifts, duct lifts, Roust-A-Bouts, gantries, and heavy-duty hoists, all engineered to meet the demanding requirements of job sites around the world. All equipment is known for ease of use, robust construction, and industry-leading safety features, making it the preferred choice for both large-scale industrial projects and everyday construction needs.

With a long tradition of quality, reliability and value and a strong commitment to innovation and customer satisfaction, **SUMNER Material Lifts** continues to set the standard in lifting and material handling solutions.

In conjunction with all other S.F.E. Group portfolio's brands, **SUMNER Material Lifts** continues to lead the way in lifting and fabrication solutions, delivering tools that elevate the operator's standard of work.

SUMNER Material Lifts products are always nearby available within the S.F.E. Group global network and can be consulted on the dedicated website: www.SUMNER.com

The SUMNER Material Lifts Series 2400 Contractor Lift delivers strength and portability in a compact design. Supporting loads up to 450 lbs / 204 kg and reaching heights of 12 - 16 ft / 3.66 - 4.88 m, this lift is excellent for construction and facility maintenance jobs. It folds down to just over 5 ft / 1.52 m, making it easy to transport and store in work vans or tight jobsite spaces.

Like all SUMNER Material Lifts lifts, the Series 2400 includes internal cable routing, a cable protection system, and tool-free plunger pins. Its compact build doesn't compromise performance, and its multiple accessory options allow for tailored use across a variety of applications.

SPECIFICATIONS

- Load capacity up to 450 lbs / 204 kg
- Lifting heights of 12 - 16 ft / 3.66 - 4.88 m
- Collapses to just over 5 ft / 1.52 m for compact storage
- 360° cable protection and internal routing
- Reversible forks for height extension
- Tool-free plunger pin adjustments
- Fits easily in vans/SUVs
- Optional accessories for greater flexibility
- Available in powder-coated and galvanized versions
- SUMNER Material Lifts - tested for rugged environments

SERIES 2400 CONTRACTOR LIFT OPTIONAL ACCESSORIES

Platform (Part No. 784320) offers a sturdy 24 x 28" / 610 x 710 mm surface, providing reliable support for various materials, enhancing versatility and efficiency in lifting and handling tasks.

Pipe Platform (Part No. 783705)
Ideal for air ducts or other HVAC applications.
Slides over the forks.
Packaged in sets of two.

2400 Series Mast Brake Kit (Part No. 784755)
Each mast and mobile base can be factory-equipped with a gravity-activated safety brake that supports the load to help prevent any cable slack.
**Includes safety brake and all hardware for one mast section only.*

Fork Extensions (Part No. 784695) extend from 23¾" / 59.2 cm - 29⅞" / 75.7 cm at the push of a button. Using extensions reduces capacity to 200 lbs / 90 kg, clearly marked on forks. Another button retracts them for compact storage inside the forks, ensuring quick, convenient adjustment.

The **Boom Carriage (Part No. 783642)** enhances lifting versatility, safely handling suspended loads like pipes and beams with durable construction for reliable performance on various job sites.

PART NO	780420	
DESCRIPTION: Adjust-A-Fit™		

PART NO	780425	
DESCRIPTION: Adjust-A-Flange™		

When used in combination with FIT-UP PRO's Adjust-A-Fit™ (Part No 780420), and the FIT-UP PRO's Adjust-A-Flange (Part No 780425) the Series 2000 / 2100 Lifts can handle irregular objects to position them easily in place.
